Moab, Utah 84532

Dear Mr. Shumway:

Re: Approval of Applications for Permit Transfer, Standard #1 Mine, S/037/005 & Dunn Mine, S/037/017, San Juan County, Utah

This letter is provided in response to our receipt of the permit transfer application forms for the Standard #1 Mine and the Dunn Mine. The Division's approval of these transfers effectively releases Atlas Minerals from any further reclamation obligation for these two properties. W. K. Enterprises is now the responsible operator for continued mining and the final reclamation of these mine sites.

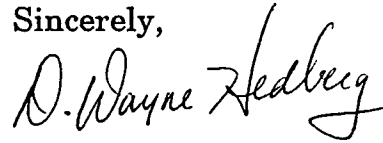

The permit transfers are hereby approved with the following conditions:

1. W. K. Enterprises must complete the enclosed Small Mining Operation Notice of Intention (NOI) application forms for both mines and submit the forms to the Division no later than October 1, 1988.
2. More precise legal descriptions must be provided for both mine sites which better define the unreclaimed disturbed acreage to be mined. The revised legal descriptions, at a minimum, must describe the mine sites to the nearest 10 acre tract (i.e., 1/4, 1/4, 1/4 section). These revised legal descriptions will be used to replace the descriptions provided as "Attachment A" in the recent permit transfer forms.

Thank you for your cooperation in completing these permitting transactions. Please call me, Holland Shepherd or Wayne Hedberg of my staff should you have questions regarding these remaining requirements.

Sincerely,

*for*
